

# TAMPERTECH Teaches: Total Transfer Product Codes

<b>P22H</b>	Is our total transfer label which leaves a permanent OPENED TAMPERED void message behind on the surface, which can be rubbed off leaving no permanent damage.	
<b>P2350H</b>	Much like the P22H however the void is "Reversed" offering a unique take on a very clear irreversible void message.	
<b>Permanent Labels (PL)</b>	Total transfer permanent labels can never be removed! Permanent labels can have surface OR sub-surface numbers and/ or barcodes.	
<b>P22GUV</b>	This is our clear permanent gloss labels with UV ink making them glow under blacklight, both the label and the void message will glow, making it easier to check covert security labels for tampering.	
<b>LLP</b>	These are Liner Less Labels Permanent The liner-less label solution is easy to apply and reduces packaging waste. Liner-less labels increases roll capacity by 50%, which delivers extra advantages in the reduction of waste, shipping, carriage, and storage costs!	
<b>BoxTP</b>	Total transfer permanent tape that can never be removed! Permanent tape can have surface OR sub-surface numbers and/ or barcodes
