

TAMPERSHIELD

CLOTHING PROTECTION

TAMPER EVIDENT
•
TAPES & LABELS

Applications

The tamper evident label and printed film “set” create a new tamper evident solution for clothing.

With no direct contact with the clothing, it will not damage the garment and will fit all shapes and sizes.

Easy to apply by simply threading the film through the arm, body or leg of the garment, cut to length and seal with our REAL tamper evident label.

The tamper evident permanent label will leave an obvious clear void message and cannot be reapplied.

Benefits

Customers will be aware that the goods are genuine with a branded **TAMPERSHIELD**. The **TAMPERSHIELD** can be customised with security and marketing messages including logos and QR codes for brands if requested.

Returns will only be processed if the **TAMPERSHIELD** is still threaded through the garment and the tamper evident label is intact and the void message hasn't been revealed.

This simple, practical solution will support anti-counterfeit activity and reduce fraudulent returns. Saving money, reducing customer complaints and increasing brand awareness and confidence.

Flexible

Fit any size and shape simply thread through the garment and secure

Instant Layer of Security

Immediately giving an additional layer of security, which cannot be re-applied

Individual Options

Increase brand awareness with QR codes, logos, language

Simple, Secure Solution

Ensuring clothes can be tried on without damaging garments or removing the **TAMPERSHIELD**
